Subject: Abbott Inventory Update: Nutrition Products

Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information. The table below lists products that are currently low in inventory or out-of-stock. We apologize for the current inventory position and are doing everything we can to address the situation.

The table below provides suggested alternatives to meet the nutritional needs of your patients. Healthcare professionals should determine the best alternative product and transition plan for patients.

Low Inventory				
Product			Suggest Alternative	
Adult Institutional Item	Item #	Est. Recovery Date	Adult Institutional Item	Item #
Glucerna 1.2 Cal 8oz ARC	64918	September	Glucerna 1.2 Cal 1L RTH	62677
