Re: Securi-T® Discontinuation

Dear Valued Customer,

Please be advised that the Securi-T® ostomy product portfolio, a product brand of 82 SKU's, will be discontinued by December 15, 2023, or potentially sooner, depending on inventory availability.

We understand that product discontinuations can be disruptive. However, Securi-T® USA will provide the resources and support to help consumers find a new product that meets their needs.

Please refer to the list of ostomy products that will be discontinued with suggested alternative SKU's.

We encourage you to provide your customers with Hollister's customer service phone number, 888-808-7456, to request product samples to assist them with the transition to a new product.

We appreciate your partnership and will continue to keep you updated as we undergo this discontinuation.

Regards,

Doug Greene
